

## District Beaver AGM Report

Its been a little quiet on the District front this past year. We did have a District zoom meeting on 27<sup>th</sup> April but unfortunately only a couple of groups joined us. We discussed our last event which was the party held at Park Community School, Havant on Sunday 26<sup>th</sup> January 2020 which was a great success and we definitely would want to do it again.

OSM was talked about at length with all of us agreeing it is a very useful tool. Also how technology had assisted us and what we thought we might continue to use for instance zoom for leaders meetings.

We also discussed some badges which we had ordered for a planned event in June 2020 which obviously didn't happen and we have still have the badges. If you plan a fun event for your group then let me know how many attend and you can have these badges. They do say 2020 on them but we can't waste them and lets face it Beavers love a badge.

Although quiet on the District front its been very full on for some of the Groups. Leaders have really stepped up to the mark and have delivered excellent Beaver Scouting in whatever shape or form was suitable to their individual group.

I have touched base with most leaders and even presented several Bronze awards. It has been lovely to hear and see how each Group has managed and I personally want to thank everyone for their commitment to Scouting.

On Hayling the numbers wanting to join Beavers has been tremendous and we are really doing well. I firmly believe Scouting is going to grow again and I want to remind you all that I am here to help you in any way I can.

Looking forward to the future with a positive attitude and hope that we can get together as a District in the near future.

Yours in Scouting

Linda Hunter ADCB
